Since its founding in 1973 as a non-profit organization the Square Dance Foundation of New England has been collecting and preserving historical documents and materials to assemble the largest and most complete collection of square dance memorabilia anywhere. That collection now resides with the University of New Hampshire and the National Museum of Dance for further preservation. The collection will become more accessible in time to a larger audience through internet sources enabling the future to learn from the past with financial support from the Foundation going forward and a renewed focus on the promotion and perpetuation of Square Dancing.

I/We would like to make:
