TO JIM YORK

During 1957, as in the last decade, the name Jim York has been associated with many of the most enjoyable squares ever written. Though Jim is no longer with us, future generations of square dancers will continue to be influenced by his great spirit of true fun. This volume which contains eight of his calls is humbly dedicated to the everlasting memory of this wonderful person.

Foreword

Just exactly what does happen to the Square Dance picture in the period of a single year? Here in the pages that follow is a pretty fair idea — at least from the standpoint of quantity of new material presented.

During 1957 the great abundance of original Square Dance material seemed to furnish a proving ground for such movements as the Square Through (page 9) and the Dixie Chain (page 5). Trail-through variations, a number of Wheel Around breaks and a constant emphasis on the “Split-the-Ring and Around Just One” family point the way to the need for some relief from this trend in the coming year.

In the field of Rounds; contributions from many of the familiar composers with a sprinkling of new names gave the activity some dances that are destined for lasting favor. The balance of Waltzes and Two-steps was good with a nice variety of simple dances and mixers primarily aimed at the newer dancers and the average Square Dancer.

On the whole, 1957 seemed to be a year of continued progress from the standpoint of over-all growth. Square Dance classes in almost every area were well attended and callers appeared to be willing to ground the newcomer in basic fundamentals and styling.

THE LANGUAGE OF SQUARE DANCING

SETS IN ORDER virtually covers every niche and corner of the Square Dancing world and for that reason any attempt to run a glossary of terms is certain to run into a fair smattering of difficulty. However, because today's Square Dancers dance together more and more in each other's home areas it's well to take a look at these words that make up the calling vocabulary that directs our Square Dance actions.

Naturally, because Square Dancing, like Topsy “just growed” there will be many exceptions and area variations. In each case we've tried to list the most common usage and in some instances have listed more than one variation.

When possible we've attempted to note the number of steps it takes to do some of the figures. There will be area differences here too. We recognize no controversies as such but have tried to freely report the styles as they predominate around the Square Dancing universe.

ALAMO STYLE (also called GRAND BAL- LONET): Follows the direction of the Grand Right and Left, with a single balance each way. Women, clockwise, and men counter-clockwise.

ALL AROUND YOUR LEFT HAND LADY (General): Ladies take three steps into the center of the square and make a slight curtsey. While they are doing this, the men pass right shoulders (on the outside of the square) with their corners. Ladies back out of the center as soon as their corners are on the left side. Men now walk back toward their partners, going in front of their corner. (Modified) The ladies do not go straight into the center. They go to the center while drifting towards the man who is going “all around.” As partners are not facing during this it is not considered a do-sa-do. (Dallas and Australia Variation) Just in reverse of the above with the men moving in front of their corner and then behind to return to partner. (count: 8 steps) Figure is usually followed by See Saw Your Pretty Little Taw.

ALL EIGHT CHAIN: Dancers give right hand to a corner, walk past, give a left hand to the next (original opposite lady) and courtesy turn her in place. This puts all dancers in their corner positions with their opposites. This figure is smoothly preceded by an All Around Your Left Hand Lady, See Saw Pretty Little Taw, or a similar series.
ALLEMANDE: Can be called for either the left or the right hand and with any person designated. (Style A) Float Out: Walk by one another with a left hand hold and as you reach the opposite person's place float out until you reach arm's length (a slight extension of the arms without lifting either foot from the floor), turning, hesitate just long enough to change directions, and return to partners. Done best without a "jerk" (i.e. without lifting the forward foot from the floor). (Count: 6-8 steps). (Style B) Pigeon-Wing or Palms together, hands up position. (Count: 4 steps). (Style C) Forearm grip. This is usually only found where cramped room conditions make the tighter hold necessary. (Count: 4 steps). In some areas the call for a left Allemande may be: “On the corner with your left Hand.”

ALLEMANDE A: Do not hold lady’s hand on “half sashay and resashay.” Take hand, then drop it.

ALLEMANDE O: At all times to be distinguished from “Away you go” Allemande O has nothing but a Do Paso; “Away you go” has an Allemande Thar star as well.

ALLEMANDE THAR: This can be considered an interrupted Grand Right and Left. After the right to partner, take the next person by the forearm (in some areas this is a pigeon wing hold). Retaining this hold, the men move into the center in a right hand star, where they back up in a counter-clockwise direction, the ladies walking forward on the rim, or outside of the star. Continue from this point as called.

ALLEMANDE THAR STAR: From any left hand swing and with either men or ladies in the center as called. From any right hand swing a Wrong Way Thar star may be achieved.

ARKY STAR: Referring to any star formed by two men and two ladies and where the two men are across from each other and the ladies the same.

BACK TRACK: From a single-file promenade, those indicated by the call turn out and promenade outside the set in the opposite direction.

BALANCE (Style A): Couples facing, take one step forward and close or touch with the other foot, then step away and touch or close. (Style B) Couples facing, holding right hands, step right and swing-kick left; then step left and swing-kick right. Can be done quite smoothly if desired. In some areas this balance almost takes the form of a modified Pas de Basque. (Count: 4 steps).

BEND IN THE MIDDLE: Usually called when two couples are in a line and all facing the same direction. Both couples will turn a quarter to face the other couple.

BOX THE FLEA: As used to reverse direction. Partners join left hands and the lady makes a right face turn under the man’s raised left arm as the man walks forward. (Count: 4 steps).

BOX THE GNAT: As used to reverse direction. Partners join right hands and the lady makes a left face turn under the man’s raised right arm as the man walks forward. (Count: 4 steps).

BREAK: To release hands.

BREAK AND TRAIL: Change from a circle with hands joined to a single file promenade.

BUNCH THE GIRLS (Girls to the center back to back): The ladies indicated by the call either head toward the center or are turned in to stand back to back, bunched into the center.

CALIFORNIA TWIRL: Used to reverse direction smoothly while retaining the same relative position as in the call “Dip’n Dive.” Partners take hands; the man’s right hand joined with the lady’s left. They change places with each other by raising their joined hands and the man walks around the lady in a clockwise direction while the lady walks forward under their joined hands and making a left face turn. If partners start out facing the same direction they are now facing opposite to their original direction with the lady still on the right side of her partner. This is the same figure as the Frontier Whirl. (Count: 4 steps).

CALIFORNIA WHIRL: Man’s left hand and the lady’s right are joined. These hands are raised and the man walks around the lady in a counter-clockwise direction while the lady walks forward under their joined hands and makes a right face turn. (Count: 4 steps). In some dances this is called: “Turn your corner under.”

CALLS: Calls are always directed to the gentlemen unless the caller designates the ladies. Calls give you the directions for the dance—these are the “commands.”

CAST OFF: Two persons facing the same direction wheel around. Usually no hold is taken. One person acts as the pivot point and
backs up. The other maintains a forward motion already generated. The two persons may be two men, two ladies, or a man and lady. Most usually this movement is used in contras. (For a form used in squares see “Ends will Hinge.”)

CATCH ALL EIGHT: Each person takes his partner by the right forearm and moves forward and around (clockwise) two steps. Then each drops hold and does a quick right face pivot in place half around to take left forearms (with same person) and move forward and around (counter-clockwise) a little more than a full turn or as directed by the next call.

CIRCLE: With joined hands, square rotates to left or right, according to the call, usually to the left.

CORNER: The lady on the man’s left at the moment of the call. If original corner is meant, call should designate.

COUPLE BACK TRACK: In promenade position the man will pull with his right hand and push with his left so that both the man and the lady do individual about-face turns (the man right face, the lady left face), so that the couple is facing in the opposite to the original direction. The man is still on the inside of the circle, his partner now is on his left.

COUPLE WHEEL AROUND: In promenade position the couple as a unit will execute a reverse of direction by the man backing up and the lady walking forward, the pivot point being the spot between the two people. The turn unless otherwise called will be a little less than 180°, or a complete about face within the square. The man who is originally on the inside in a promenade will now be on the outside of the square.

COURTESY TURN: The movement that usually ends a Ladies Chain, Do Paso, etc. Man receives lady’s left hand to his (the lady’s hand just lightly sitting palm down on the man’s palm up) left hand, puts right hand in the small of the lady’s back and while standing side by side facing the same direction, the man backs up and the lady walks forward. (Count: 4 steps).

CROSS TRAIL THROUGH (General: Also called “Trail Through” or “Trail on Through.” Synonymous terms used for the movement originated by Pat Patterson of Santa Fe, New Mexico): Two active couples meet and pass through. The lady crosses in front of her man and the man crosses behind his partner. They then follow the direction of the next call. (a Southern California Style): When one couple is active and advances to an inactive couple, the active couple splits the inactive couple. The active lady is in the lead. She crosses to the left; her partner follows and crosses to the right to follow the next call. (In Southern California, the first description would be called a “Trail Thru,” the second description a “Cross Trail.”)

DISH RAG WHIRL: This is another figure in which the man and lady change places. Lady and man meet, usually right hand to right hand. They raise hands high to make an arch. The man puts his back to the girl and starts to roll through the arch, following his right shoulder in the roll turn. Lady starts a full left face roll back to back with the man. As soon as both make the full roll, they have both gone through the arch made with their right hands and have changed places.

DIXIE CHAIN: Two couples meet single file. They move thru each other like a grand right and left, using alternate hands. The first two start with right hands and the second two start with left hands.

DO PASO: A form of the Texas Do Si Do. From a circle of two couples or more, break circle and face partner. Take left forearm of partner and walk around counter-clockwise. Go to corner and turn corner clock-wise with a right forearm. Return to partner for a courtesy turn in place. (Count: 16 steps).

DO PASO GRANGE. Also referred to as a Do si Grange. Corner right, partner left, corner right, partner left or to continue as directed by call. Also called a Suzy Q.

DO SA DO (DO SA DOS): Two dancers advance to face each other and pass right shoulder to right shoulder. Each takes one step to the right in back of the other person and, without turning, moves backward to place. In various calls this is also referred to as “Do Sa,” “Do Si” and “Sashay.” (Count: 8 steps).

DO SI BALLONET: Think of this as a Northern Style Do Si Do with two interruptions to balance forward and back. On the call the ladies pass left shoulders, without a twirl, and facing out take the hands of the men who are facing in (holding partner’s left and opposite’s right). All balance forward in the direction they are facing, then backward. Retaining left hand with their partners they release right
hands and all turn half about counter-clockwise then re-join hands, this time with the ladies facing in and the men facing out. They balance again, first forward in the direction they are facing then backward. Retaining right hands they release partner's left and walk almost completely around to give partner a left for a courtesy turn.

DO SI DO (Northern Style): Executed while two couples hold hands in a circle of four. Gents let go of partner's hands, ladies pass left shoulders and immediately give left hands to partner's left hand. Walk around him and give right hand to opposite gent. Walk around him and return to partner. Give left hand to partner and courtesy turn in place. Men will not turn until the end of the figure but move forward and back for the smooth flow of the pattern. Hand holds seem to pre-dominate where space permits. Ladies usually find a single right face turn as they pass left shoulders can add to the smoothness of the dance without slowing the motion. (Count: 16 steps). (Texas Style). See Do Paso. In some areas a continuous Do Paso movement as call directs.

DO SI DO “KENTUCKY STYLE”: An interrupted Do Paso. On the cue, give right hand to corner and walk completely around, clockwise. Retain corner's right and give partner left. All circle clock-wise with the men facing out and the ladies facing in (no balance). On the next call, release partner's left and go around corner clock-wise with rights joined. Return to partner with left forearm and do a complete Do Paso.

DOUBLE ELBOW: At the end of a Right and Left Grand, partners meet and, instead of promenading, give right forearm (or elbow) to partner and turn clock-wise around each other for two counts. Quickly turn and take left forearms (or elbows) and go around corner clock-wise with rights joined. Return to partner with left forearm and do a complete Do Paso.

DOUBLE TURN BACK: In a Grand Right and Left, instead of promenading when you meet your partner you keep her right hand as you go past her, face the other way and do a Right and Left Grand in the opposite direction. When you meet your partner with the right, again go past and around her, then start at normal Grand Right and Left.

ENDS TURN IN: In a line of four, where all are facing the same direction (usually out), the two in the center make an arch. The two on the ends come forward and together duck under the arch. The two making the arch will usually at this point do a California Twirl in order to reverse their facing direction and face the center of the set.

ENDS TURN OUT: About the same as above, except that the call usually occurs when the line of four is facing in toward the center of the set. After the ends have gone under the arch, the two making the arch do not California Twirl but release the arch and face the center of the set.

ENDS WILL HINGE: Most usually called when two couples are in a line and all facing the same direction. The two at the end of the line serve as the hinge and keep the hand of the person just next to them. In staying with the ends, the two in the center of the line let go of each other and move forward around their “hinge.” This would be done while working with another line of four and each turning couple would turn (or cast off) three quar ters around to form new lines of four with another couple and facing in a new direction.

FACE TO THE MIDDLE: A call usually directed to active couples to change their present facing direction, as for example in the call for Little Red Hen.

FORWARD AND BACK: Those persons or couples designated move into the center and back to place. Basically this means four counts or beats each way.

FOUR COUPLES RIGHT AND LEFT THRU: In a square, men move clockwise, ladies counter-clockwise. Pass corners, men on the outside. Touch right hands while passing the next (original opposite) men still on the outside. Men slide in front of the next (original right hand lady) and pass left shoulders with her. All give left hands to partner and courtesy turn to face center of the set in spots opposite to starting position. (Count: about 12 steps).

FRONTIER WHIRL (see California Twirl):

FULL TURN 'ROUND: This movement is basically descriptive of an arm turn that is greater than half way and is completely dependent upon a good following descriptive call to direct the dancers' next movement.

GO ALL THE WAY AROUND: Usually follows the calls “Sashay partners half way round, Resashay, etc.” The man moves behind the
lady and to the left to home while the lady goes in front to the right and to home. (Count: 8 steps).

GRAND BALLONET (see Alamo Style)

GRAND CHAIN (Ladies): All four ladies form a right hand star and move clockwise, skipping one man, to their opposite man who gives a courtesy turn. (Count: 8 steps). The call Grand Chain Back would repeat the action and return them to their starting position. It's customary, for comfort, that when the call to promenade comes prior to the end of the maneuver, that couples take promenade position and Wheel Around instead of using the courtesy turn. (Men): A forearm turn is used instead of the courtesy turn when the men are active.

GRAND CHAIN EIGHT: Executed by giving a right hand to any person designated by the call, passing by and giving a left to the next for a courtesy turn. This may be done in any direction and from any position as long as it's started with the right hand. Same action as described for “All Eight Chain” (see page three) Southern California standard as above.

The term “Grand Chain Eight” was originally intended to indicate a “Right and Left Grand.” In areas where this call was used, the Right and Left Grand movement would often continue past meeting the partner the first time and wouldn’t stop until they met the 2nd time.

GRAND DO SA DO: When couples meet at the end of a Right and Left Grand they do a Do Sa Do, then, passing right shoulders with their partner move ahead to the next (men going in a counter-clockwise direction) and repeat the Do Sa Do. The word “Grand” indicates that this movement will be repeated four times until starting partners are re-united.

GRAND RIGHT AND LEFT (also called Right and Left Grand, Grand Chain Eight): In the square, partners face and take right hands with their partners. Each moves ahead (men counter-clockwise and the women clockwise) to give a left to the next, a right to the next, left to the next until they meet their own to follow the next call. This call most often follows the call to Allemande Left. This is the Western form of the figure. Other forms call for a Grand Right and Left to continue for twice the action described above. Hand grips for this pattern vary with areas.

GRAND SASHAY: Similar to the Grand Do Sa Do except that the dancers first meet and do a Do Sa Do, then, passing right shoulders, move ahead to the next and do a Sashay Left, or a left shoulder Do Sa Do. Passing left shoulders with this person they move on to the next and repeat the Do Sa Do, then on to the next for the Sashay Left and then, finally to their partner for a promenade or to follow the next call.

HALF SASHAY: While facing the center of the square, partners change places by the gent sliding (or walking) to the right behind his partner. The lady slides (or walks) to the left in front of her partner. Partners have simply exchanged positions. No re-sashay unless called. (Count: 4 steps).

HOME: The man always to take the lady to his home when “Home” is called and this is to be his original home, unless specifically called otherwise.

HONORS: Men bow, Ladies curtsy.

LADIES’ CHAIN (OR CHANGE): Executed while 2 couples are facing each other. The ladies advance, giving right hands to each other, then left hands to opposite man, and the men courtesy turn them around in place. The girls have switched partners. Most often this is followed by Chain Right Back. In early Square Dance Terminology this would be called a half Ladies Chain. (Count: 8 Beats).

LADIES CENTER AND BACK TO THE BAR: All four ladies proceed into the center of the square, then return to starting spot. (Count: 8 steps). (Type A) Girls go in 3 steps, snap fingers of right hand, make a left face turn and walk back to place, making a left face turn to face center. (Type B) Men retain partners’ most convenient hand at the moment of the call. Ladies go into the center, then turn under mens’ raised arms to return to place.

LEFT HAND GENT: Gent in couple to lady’s left.

LEFT HAND LADY: Lady to the man’s immediate left. His corner.

MOUNTAIN STYLE DO-SI-DO: Man has partner’s left hand in his right. Like a cowboy twirling a rope, the man twirls the girl in front of, then around and back of him counter-clockwise into place. The girl can simply do a straight walk around or can do one or two left face rolling twirls around the man.

ONCE AND A HALF: Call comes after an Allemande Left and during a Grand Right and
Left. Instead of promenading you give your right forearm to partner and go all the way around, then continuing the direction of a Right and Left Grand give a left forearm to the next, etc. When you meet your partner the next time, promenade or follow the call. Also called a Single Elbow.

OPPOSITE: The lady across the set from where the man is at the time the call is given or to get to the opposite, man moving clockwise past one lady (designated as corner) and meet the next (opposite).

PARTNER: The lady to the gentleman’s immediate right is his partner (regardless of whether she is the original partner or not), or the person he is swinging, doing a sashay with, etc. The person designated as partner may change constantly with the call.

PASS THROUGH: Do not touch hands, turn individually only if directed by the call. Same as right and left thru only don’t touch hands going thru and don’t turn the lady when you reach the other couple’s place.

PATTER: The fillers or “time keepers” that the caller uses to maintain the beat and the phrase.

PIGEON WING (GRIP): Two people holding hands, palms up, elbows down. A two hand star.

PROMENADE (In couples): Done counter-clockwise with the gent on the inside or on the lady’s left. (Western Style): Holding hands, right to right and left to left with right hands on top. (Texas Style): The same, only left hands on top. Other types used in some areas include: Escort Position, Skater’s Position, and Varsouvianna Position. The Promenade is usually at least half the distance around the Square.

PROMENADE FINISH (California Style): Twirl (turn lady under man’s right arm), balance, swing once around. (General): Turn the girl under. Face the center. No swing. Other areas find other variations.

RED HOT (General): On the call the men pull the girls across in front of them and into the center. Men then go ahead and turn that right hand lady with a right forearm. Return to partner with a left forearm and go all the way around. Next, the men go back one and turn the left hand girl with a right arm, partner left and promenade the corner. (California Style): Simply drop the girl’s hand, no twirl and the girl makes a left about face and faces the man who was behind her. The pattern from this spot is the same as above.

RESASHAY: Just the reverse of the half sashay. Men slide (or walk) to their left behind their partners. Ladies slide (or walk) to their right in front of their men, to return to place on right side of partners.

REVERSE: The call to change a Right Hand Star to a Left; a clockwise moving circle to a counter-clockwise moving circle, etc.

RIGHT AND LEFT THRU (General): Executed while 2 couples are facing each other. Each person advances, taking right hands with person opposite them momentarily as they go by, gives left hand to partner immediately upon passing thru other couple and the man courtesy turns the lady around in place. Couples are facing one another again but have swapped places. Do a Right and Left Back, only if called (Count: 8 steps). In some sections this would be called a half Right and Left Thru. Some areas do not touch right hands as couples go through.

RIGHT HAND GENT: Ladies’ corner.

RIGHT HAND LADY: One lady ahead or counter clockwise from where the man is at any given time. Sometimes referred to as Sally Goodin.

ROLL-A-WAY WITH A HALF SASHAY: Usually called from a Right Hand Star promenade with the ladies in the center. On the call, the gents roll the ladies across and in front of them while the men go into the right hand star. The ladies are now on the men’s left side in the star. The ladies make one complete left face turn, rolling turn. (Count: 4 steps).

ROLL PROMENADE: Very similar in action to the “Couple Wheel Around” except that it is usually the start of a Promenade following a Do Paso, Ladies’ Chain, etc.

ROUTE CHAIN: From two lines of four facing each other (two couples in each line), two ladies chain across from the one line to the other working with the couple directly across. Then the two ladies in the same original line chain with each other down that line. The action is repeated until partners are reunited or as directed by the call.

SASHAY: Originally a series of short sliding steps. In many of today’s figures, refers (sashay partners half way round, whirl away with a half sashay, roll away with a half sashay, etc.) merely to exchanging places with your partner,
the lady passing in front of the man. In some areas a Sashay is a Do Sa Do if the call is “Sashay Right.” The call “Sashay Left” means a left shoulder Do Sa Do.

SEE SAW YOUR PRETTY LITTLE TAW (Basic): The ladies move directly into the center of the square, curtsey and back out while the men continue the figure eight they started (with All Around Your Left Hand Lady) and pass left shoulders (on the outside again) with their partners and pass back to place in front as the ladies move out. (Count: 8 steps). (Modified): The ladies do not go straight into the center. They go to the center while drifting towards the man who is either going “all around” or “see sawing.”

SINGLE ELBOW (See Once & a Half) SEE SAW: Often, when not following the call, “All Around Your Left Hand Lady,” this call See Saw means a left shoulder Do Sa Do. (Sometimes this is called a Sashay). (Count: 8 steps).

SEPARATE: Two persons working as a couple turn backs on each other and head in opposite directions as indicated by the call. Sometimes referred to as Back-to-Back.

SPLIT THE RING (One Couple): Active or designated couple moves forward to opposite couple and passes through between them. The lady turns to the right and the man to the left. The next call should tell whether they are to come back around the outside of the square all the way to home position or to stop at some intermediate point. (Two Couples): Two couples facing each other walk forward and pass through each other, each person passing right shoulders with his opposite. Lady turns to the right and man to the left. Call tells what to do next.

SPREAD OUT WIDE: Usually from a star the couples release their compact waist hold and stretch out to arm’s length. In a circle this call simply means to make the circle as large as possible.

SQUARE: A square is formed by four couples facing in with each couple from 10 to 12 feet from the opposite couple. The lady is always to the right of the gentleman. The couples are numbered 1, 2, 3 and 4 around the square to the right, or counter clockwise, starting with the couple whose backs are closest to the music. A square is also called a “set.” Head couples are 1 and 3. Side couples are 2 and 4.

SQUARE THRU: (Two couples facing) Take opposite’s right hand, pull on by, pivot squarely to face partner; take partner’s left hand, pull on by, pivot squarely to face opposite; take opposite’s right hand, pull on by, pivot squarely to face partner; take partner’s left hand, pull on by but do not pivot; follow next call.

STAR PROMENADE: Most usually done with the men in the center forming the star with their partners on their arms, as in Texas Star. This can vary with a number of different types of stars.

STARS: Gents, wrist hold is most common. Ladies, hand hold recommended (because of skirt work). This is to be formed by each person putting arm out at about shoulder height with palm of hand toward opposite person. Mixed stars (Arky Stars), hand hold recommended. Star with crossed hands—take hand of person across from you.

STRIP THE GEARS: As in the Wagon Wheel spin, walk around partner with a right forearm grip. Give the spin, take left forearms and do a Do Paso.

SUZY Q: A form of the Do Si Grange.

SWING: A couple revolves about a central pivot spot, usually stationery between the two involved. Positions vary. Waist swing is the position most often referred to. Elbow, or forearm swings and 2-hand swings are used when called. Foot work, either buzz step or walk-around, is usually optional in the individual areas.

SWING THAT GIRL BEHIND YOU: Usually from a single file Promenade. The men find it most comfortable to turn out to face the one behind them for a regular waist Swing.

TAW: The man’s partner. Also referred to as “ma.”

TEXAS STAR: Use the arm around waist hold, rather than the elbow hold. Full turn around only when called.

THREE LADIES’ CHAIN: With the active couple in the center of the square facing either their right hand or left hand couple, the active lady chains with the lady she is facing. The active man in the center joins left hands with this new lady and turns half around as she passes by to chain with the lady of the opposite couple. The center man continues to pass the ladies across the center with his left hand as they chain from one side of the square to the
other as long as called, generally until each lady is back with her own partner. The ladies chaining to the outside of the square should be turned with a Courtesy Turn.

THREE-QUARTER CHAIN: For either two or four ladies. The active ladies make a right hand star in the center and walk forward past two positions or ¼ around the square to the original right hand position, where they are turned with a Courtesy Turn, as directed by the call.

THROW IN THE CLUTCH (or Throw Out the Clutch): From the Allemande Thar star, holding the star in the center, the men release left hand holds with the ladies. The star then reverses direction (the men walking forward in a clockwise direction) while the ladies continue to walk forward around the outside, counter-clockwise. Usually the men pass the same lady twice (twice around) or as directed by the call to lead into the next figure.

TIP: In most areas it refers to 1 section of squares or rounds and squares. An example of a tip would be: One round followed by 2 squares (usually one Patter and one Singing Call), followed by a brief intermission.

TRAIL THRU (see Cross Trail Through)

TWIRL: Turn the lady under the man’s raised arm. In most areas a Twirl is used only to precede a Promenade.

WAGON WHEEL: The man takes the lady by the right forearm and they swing a full turn around till the men can make a left hand star in the center of the square. As the men form the star, they give a slight push with the right hand, starting the lady into a right face turn. This turn can be just half around, but is usually a turn and a half, to face the same direction as the man. She then takes the right arm of the same man with her left (escort position) and they all walk forward in a star promenade.

WAGON WHEEL SPIN: That portion of the above pattern where the man spins the girl. Directions for Follow-Up come from the call.

WAIST SWING: The couple stand right hip to right hip, with the lady’s extended right hand in the man’s left hand, her left hand on his right shoulder on his arm. The man’s right hand should be on the small of the lady’s back. Leaning shoulders away from each other to increase centrifugal force, they move forward around each other clockwise with short quick steps, either a shuffle or a buzz. (Count: Twice Around. 8 Steps).

WALK: Depending on the area. (General): A short shuffle producing a light sand-papery sound. (Others include various forms of Two-Steps, Running Steps and, occasionally, Clogs.)

WEAVE THE RING: A form of Grand Right and Left but without touching hands.

WHEEL AROUND (see Couple Wheel Around)

WHIRL: Most usually this call refers to a Waist Swing (i.e. “Everybody swing and whirl, round and around with your pretty little girl).

WHIRL AWAY WITH A HALF SASHAY: Used to get partners to change places. The man’s right and lady’s left hands joined. The man draws gal across in front of him and she does a left face turn as she crosses over to his left side.

WRAP AROUND: One way to start the Wrap Around is from a Star Promenade, with the ladies on the outside and the star spread out wide. The lady retains hold of the man’s right hand with her left, does a left face roll to finish with the man’s arm around the lady’s waist and holding her left hand which is now across in front of her. The Wrap Around may also be done from a Star Promenade by having the lady stand still and the man, retaining her left hand in his right, walking entirely around her and back to her left side.

WRONG WAY THAR: Men in the center with a left hand star, ladies on men’s arms facing opposite direction. Star moves clockwise.

YO YO SPIN: This is done from a Wrap Around position, with the lady rolling a full turn right face out to arm’s length and rolling left face in again to the Wrap Around position, always keeping hands joined.

AND NOW FOR THE SQUARES

First of all, here are the featured Square Dances that received the spotlight in the regular pages of the magazine over a twelve-month period. With all of the new material, it’s a bit ironical that the lead dance is a real old-timer.

POOR BOY
Singing Call by Johnny Schultz, Phoenix, Arizona

Intro — Break and Ending:
And now the four little ladies promenade inside that big ole ring
Now do sa do your own right there, men star right around the ring
Now see saw round your partner boys, go all the way around
Allemande left your corner, grand ole right and left around
They call me poor boy, poor boy, poor boy
Now do sa do her, and promenade go two by two

Pattern:
Head ladies chair across the hall, now chain ‘em left and don’t you fall
Left arm swing like a left allemande, now swing your own, my ain’t love gand.
Words are slightly different here than in the original but here’s the idea: After chaining across the set, the active two girls give a right hand to the girl to their left (as in a regular lady’s chain), then give a left forearm to the man. Treat this as a left allemande, aim to partner and waist swing, maybe one time.
You join hands and circle left, and make a great big ring
Girls roll away with a half sashay now weave around that ring
Starting with the new lady on the man’s right
They call me poor boy, poor boy, poor boy
Now do sa do her, and promenade go two by two
‘Cause I could never be a poor boy if I could swing with a dolly like you.

First and third go up and back, go forward up and box the gnat
Then cross trail through and walk around just two
You join your hands and circle left, she'll dream awhile, so do your best
To whirl-away, grand right and left you do.
Partners whirl away with a half sashay and start a grand right and left with

Then allemande thar and star with your right hand
Hey, throw out the clutch and wink your eye, pass your baby right on by,
The second time you meet, you swing in dreamland.

"throw out the clutch" men release left hands but retain RH star and walk for-
ward CW while ladies walk forward CCW on outside of set. Partners pass on
meeting the first time and swing on meeting the second time.

Now two and four cross trail through, left allemande, that's what you do
Original 2 and 4 men do the trail-through.

Just promenade your gal, go two-by-two
Now take your sleeping beauty home, and tell her that you're hers alone

MANY WAGON WHEELS

In some areas old timers still refer to "Texas Star" as the original "Wagon Wheel", and well it may be. Back before 1950 Bob Sumrall described the "Wagon Wheel" being danced around Abilene, Texas, as a "Weave the Basket" type of figure where the ladies would form a center circle and the men a circle on the outside. After circling in opposite directions the ladies would stop to the right of their partners and the four men would lift their joined arms over the girls' heads and then down in front of them. Then they'd all circle left.

— 20 —
Perhaps the greatest variety of "Wagon Wheel" figures come from the "Forward Six" family of dances. Getting into the lines of three is quite a simple procedure but here are three methods shown in the old books:

Preliminary or Setting Up Exercise for Any Forward Six Pattern

Traditional:
First couple out to the couple on the right and circle four with all your might
Leave that lady where she be and on to the next and circle three
Steal that girl from her own back door and on to the next and circle up four
Once around and don't you roam, man leave that three, go home alone

Or (Quicker):
One and three bow and swing and lead right out to the right of the ring
Circle four on your heel and toe, men leave those girls and home you go

Or (Quickest):
One and three bow and swing, send your girls to the right of the ring
And you form those lines of three, etc.

Now you're all set-up for any of the following "Wagon Wheel" variations.

WAGON WHEEL I
(Simplest version: done in Texas in 1947)
Forward six and back to the bar, End men forward and back like a shooting star
Forward six—now sash-a-way 'round as you cross over, end men change before it's over.
After the lines of six go forward and back followed by the lone men doing the same thing, the six go forward again. In the threes, the men have their girls elbow-hooked on each side. They keep these girls and the same two men join both hands in the center and the double line turns a half revolution clockwise, pivoting on the two men. Side-close or sashay steps are used. These two lines now back up to new positions. The two lone men just trade places and turn to face the center of the set
Now it's right hand up and the left hand under, change the girls and go like thunder.
At this point the dance is just a simple Forward Six pattern and the girls are twirled across and to the two lone men. Repeat three more times until all have partners, etc.

WAGON WHEEL II
(As called around Phoenix, Arizona, about 1949)
Forward up six and back to the sticks, Forward up two and back you two
Forward up six with a wagon wheel over, Spread out wide like a four-leaf clover
The two side men have a girl on each arm. Man number two has lady number two on his right hand and lady number one on his left. Man number four has lady number four on his right and lady number three on his left. As the two lines go forward the men grasp hands (Indian grip or wrist hold) and ladies two and four (being the ones on the right) turn about and hold on with their right to face clockwise. The line thus formed now turns clockwise once and a half then the
Continued on next page
Continued from previous page

men let go and back up into position, across from where they started; the end girls turn to face center of set.

**End gents go on through to Dover**

The men who stand alone, pass right shoulders and cross over to opposite positions.

**Side gents with your right hand high circle ‘round your sweetie pie.**

The side men move to their left and across to the opposite line (man number two goes to lady number four and man number four goes to lady number two) gives that girl a raised right hand to her right and does a left face turn while backing under. He walks around behind her and ends between these two girls.

**Figure eight that left hand gal and promenade the old corral.**

The same side men turn to the lady on their left, take left hands and raise them so that the man can right face back under then walk around behind that girl back to his position between the two. He has now (if he’s lucky) completed a figure eight. He next takes the lady on his right in promenade position and the two couples promenade all around the outside of the set.

**End gents to the center and then return, Forward again like you didn’t give a durn.**

The lone men take the lady on their right in promenade position and move forward into the center of the set so that the two couples moving around on the outside can miss them. They then back out. This action is repeated so the active couples may reach home. When the active couples get home the other two girls return to their places in the lines of three.

**Forward up six and back to the sticks, Forward up two and back to your pew**

**Forward up six and wagon wheel over, Spread ‘em out like a four-leaf clover**

Make the wheel motion once again as before, turning once and a half times then breaking to end in opposite spot.

**End gents change with an elbow swing, Side gents the same old thing**

Lone men join right elbows in center and go once and a half to end in opposite spot. Then the side men do the same.

**Allemande left with your left hand, etc.**

---

**WAGON WHEEL ALLEMANDE**

**Allemande left and a right to your girl, it’s a wagon wheel so make it whirl**

After the allemande left partners meet with a right forearm and turn one time around. As the men form a left hand star the ladies make a right face turn so that their left arms are joined to their partner’s right. In making their turns the girls must move counter-clockwise in order to be even with their partners.

**The hub flies out and the rim flies in, It’s a right and a left and you’re going again.**

Gents break star at center and with ladies still hooked to their right arm they back around as in a Texas Star while the ladies walk forward. They turn about a turn and a half until they are in a position for a grand right and left. Just at the end of this movement the lady lets go of the man’s arm and turns to take his right hand in hers for a right and left grand. All move ahead with a left to the next then a right forearm to the next.

**Now a right hand whirl and another wheel, the faster you go the better you feel.**

Now the gents step out and the ladies sweep in, it’s a right and left and you’re going again.

**Find your partner, pretty little maid, there she is boys, promenade.**

Same as before with a new girl. The right and left grand at the end will put all men with their original partners.
And, here for a finale, is another form used quite widely and coming originally from Colorado. In some areas this is called “Back You Blunder” and in others “Triple Duck”.

**WAGON WHEEL (DENVER STYLE)**

*Forward six and back you blunder, an elbow hook and the left lady under.*

The two lines of three go forward and back, and start going forward again. The men then let go of the lady on his left, hooks left elbows with the opposite man, raises his right arm high—thus making an arch with the lady on his right; and the left hand lady starts to duck under the arch coming toward her.

*A triple duck and go like thunder, and form new lines of three.*

As the line with the two arches revolves once around, the left hand ladies go forward, ducking under the arches and ending up on the near side of their right hand men. The right hand ladies are left off at the near (right) side of their left hand men.

Repeat three more times.

By Ray Andersen, Cranston, R. I.

Any Introduction

Figure:
Two and four right and left thru
One and three bow and swing,
Promenade the outside ring—¾ around
Two and four pass thru—circle four with the couple you meet
A full turn around
As the heads promenade, sides pass thru—couple 2 meets couple 3 at No. 2 position—couple 4 meets couple 1 at No. 4 position—a full turn puts side couples to the center facing out, heads facing in.

Inside arch, outsides under
Box the gnat in the middle of the set
Gent 3 with lady 1—gent 1 with lady 3. Sides return to normal position.

Then face in the middle and pass thru
Couples 1 and 3 face across the set.

Separate, go round two, and catch right on to the end of the line
Couples who did box the gnat face across the set, pass thru, and separate to go round two—this puts lady 1 nearest her home position, at end of line in No. 2 position—No. 1 gent at opposite end of same line—No. 3 lady at end of line in No. 4 position, nearest her home position, gent No. 3 at other end of same line.

Ladies on the end chain across
Diagonally.

Gents turn them to line of four
Ladies 1 and 3 chain diagonally—gents two and four turn them with courtesy turn to get them on their right in lines of four.

Go forward and back
Right hand high—left hand low
Spin the gents and let 'em go
All four ladies forward—and back—pass thru
Separate, go round one
Into the middle to a right hand star—once around
To original corners for a left allemande,
Partner right, right and left grand
Meet your partner and promenade home.

Repeat for sides, making necessary changes in movement wording. If you wish to change partners, girls can start dos-pas-o with corner out of the star, then promenade corners—you could then repeat figure for heads—then twice for sides.

By Bob McDaniel, Topeka, Kansas

Honor your partners, corners all
Circle to the left go 'round the hall
And the ladies roll in a half-sashay
Circle to the left in the same old way
Now all eight star with your right hand
And you move that star in the middle of the land
Change hands — the other way back
A left hand star in the middle of the track
Men reach back with a right you know
Then you pull her thru and bow down low
And weave the ring and here we go
Go out and in 'till you meet again
Then promenade home with your Little Red Hen.

SWEET GEORGIA BROWN

By Gordon Moss

Record: Sweet Georgia Brown, Windsor (R/D not S/D) No. 7630. Retard tempo.
Position: Start Semi-Closed, facing LOD
Footwork: Opposite

Measure

1-6 Fwd, —; Step/Step, Fwd; —; Step/Step, Walk, Walk;
This is syncopated step-rhythm and will feel wrong with the music until familiarized. To learn—ignore quick steps entirely. Step fwd on (1), bend knees slightly on (2, 3) to keep the beat. Step fwd on (4), bending knees slightly on (5, 6). Then walk twice on (7, 8). When the strange-ness wears off the step/step is done as a small push with the trailing foot and a shift of weight to the lead foot, a sort of rock-step, but very tiny. Feet barely leave the floor. Repeat for total of three times.

7-8 Pivot, 2, Walk, Manuv; Pivot, 2, W-Twirl, 2;
On last step of M-6, M anticipates pivot by manuvering in front of W so first step on L foot is practically backing up. Resume Semi-Closed for next Walk and Manuv (3, 4) to second pivot. Anticipate W's twirl by leading her into it as a smooth continuation of her pivot turn. M follows closely to resume Semi-Closed for next movement.

9-12 Fwd, L-Roll, The Gal, Across; R-Roll, Pivot, 2, to Semi;
Step fwd then release joined hands to R-Semi-Open. On (2, 3, 4) push W across in front with full L turn to L-Semi-Open, stepping between her feet on (3). Catch her firmly with L arm and on (5) push strongly to start her R-face roll across. On (6) step between her feet to Snug Closed Pos for couple pivot on (7, 8). Resume Semi-Closed and repeat once more.

13-14 Roll Fwd, 2, 3, (Snap); Roll Back, 2, 3, (Snap);
Progressing LOD, both make solo outward turns (M-L; W-R) in three steps and a touch with a snap of fingers on (4). Repeat, rolling RLOD.

15-16 Two/Step, Turn, Two/Step, Turn; W-Twirl, 2, Walk, Walk;
One full couple-two-step-turn. Twirl W once. Recover Semi-Closed pos while walking LOD final two steps.

TAG On fourth time through routine, finish M-16 with two twirls.

17-18 Add another full two step turn, one twirl and bow. (Keep the tempo down.)
